## Gourmet Pasta Flavor Cat Food

The world's finest and most complete pet food

Gourmet Pasta Flavor cat food is formulated to meet the nutritional levels established by the AAFCO cat food nutrient profiles for all life stages.

Contains whole grains, vegetable proteins, vegetable oil, herbs, vitamins and minerals

No cancer-causing preservatives

No slaughterhouse waste, diseased animals, diseased parts, euthanized animals

No saturated animal fat as other pet food companies use

- No artificial colors or flavors

No growth hormone-antibiotic residue or nerve prions from byproduct animal heads

cruelty-free: vegan

### FEEDING DIRECTIONS:

**Adult Cats:** Feed dry or mixed with water. (If mixed with liquid, we suggest one part of liquid to four parts of dry cat food.) Your cat should be fed what it will normally eat in a day. The rations above are recommended for adult cats with normal activity; however, portions will be slightly higher or lower, depending on your cat's daily activity.

\*For first time feeding see note.

**Kittens:** Kittens can be started on Gourmet Pasta Flavor Cat Food as early as they begin to nibble at solid food (usually 3 to 4 weeks of age). Until 6 months of age, kittens should be fed all of the moistened cat food they will consume at intervals throughout the day. If fed dry, the cat food may be kept before kittens at all times

DAILYWEIGHTDAILY	DAILYDAILY AMOUNTSDAILY
1 to 3 lbs.	1/5 - 1/4 cup
3 to 5 lbs.	1/5 - 1/3 cup
5 to 10 lbs.	1/4 to 1/2 cup
10 to 15 lbs.	1/2 to 3/4 cup
15 to 20 lbs.	3/4 to 1 cup

**Moisten Gourmet Pasta to add extra water to your cat's diet:** In a cat's natural environment, they eat food that is about 70% hydrated (70% water). To increase hydration of this food and your pet, add one part food to one part water. Let stand for 3 hours before feeding. Refrigerate unused portion. If using Evolution Gourmet Pasta Cat Food for the first time, please follow first time feeding instructions below.

**Water:** Provide clean water at all times.

---

## RECIPES

### Pasta Salad

1 cup Evolution  
 1/4 cup shredded romaine  
 1/8 cup cut carrots  
 1 T salad dressing

### Mexican Mix

1 cup Evolution  
 1/4 cup shredded romaine  
 1/8 cup refried beans (without lard)  
 1/16 cup salsa

### Italian Delight

1 cup Evolution  
 1/4 cup shredded romaine  
 1/8 cup spaghetti sauce  
 1/16 cup vegan parmesan cheese

**Ingredients:** whole grain wheat flour, corn gluten meal, soybean meal, soybean oil, carrots, dried tomato pomace, dried potato product, dehydrated beet molasses, deflourinated phosphate, potassium chloride, calcium carbonate, salt, taurine, arginine, DL-methionine, enzyme bromelain from pineapple stem and fruit, enzyme papain from papaya, dried lactobacillus acidophilus fermentation product, dried bifidobacterium bifidum fermentation product, lysine, garlic, choline chloride, zinc oxide, ferrous sulfate, vitamin A acetate, vitamin D2 supplement, vitamin E supplement, niacin, ascorbic acid, calcium pantothenate, manganese oxide, vitamin B-12 supplement, thiamin mononitrate, kelp meal, menadione sodium bisulfate complex, folic acid, riboflavin supplement (vitamin B-2), inositol, biotin, pyridoxine hydrochloride, calcium iodate, sodium selenite, zinc methionine complex, copper lysine complex, manganese methionine complex, arachidonic acid, cobalt glucoheptonate.

**\*First time feeding instructions:** Feed up to 1/3 less than prescription, premium or regular pet food. Add 2 tablespoons of oil pack tuna or Tuno 1st meal and gradually reduce to zero over 1 week. **CAUTION:** Whenever switching diets, cats may vomit or get diarrhea for 2-3 days if change is not made gradually.

**Although not necessary, you can add fresh, raw food to optimize your pet's diet. Studies show that cats thrive on raw food when added to cooked dry kibble.**
